PRESENTATION

Réseau Cristal Services is a CRISTAL Group company created in 2002, covering all species.

With 280 veterinaries, laboratory and hygiene/diet experts, Réseau Cristal Services is a major player in animal production and agribusiness.

You need expertise in :

- health and food safety
- animal welfare
- biosafety
- farm performance

We offer bespoke solutions through :

- world-class technical expertise
- support «in the field»
- theoretical and practical training

With Réseau Cristal Services, you will benefit from :

- The Diversity of speakers' profiles
- Expertise from farm to food industry
- Independant veterinary consultants

RESEAU CRISTAL SERVICES OFFERS

CONSULTING

- Audits from rearing systems to slaughterhouses
- Bespoke consultancy in animal welfare and food safety
- Product controls (*discharge analysis and pathogen detection*)
- Technical support

OPERATIONAL AND MARKETING SUPPORT

- Market research / Field studies
- Conferences / Focus Groups
- Technical Hotline

TRAINING

- General training for all species (*pathology / autopsies*)
- Technical training (*Food safety, Biosecurity, Food hygiene and quality, Animal Welfare*)
- Laboratory training (*Support in laboratory organisation, technical analyses : water, PCR, Salmonella, Agribusiness*)

TRIALS

- R&D trials (AMM)
- Clinical trials
- Field trials

CUSTOMER BENEFIT

Daily partner for the animal production sector, the French veterinary is recognized for his skilfulness and adaptability.

The CRISTAL vet is a technical and sanitary expert benefiting from field cases coming from a network of 25 vet practices located in France (RESEAU CRISTAL).

He also benefits from its affiliation to CRISTAL GROUP that gathers animal health laboratories, hygiene and dietetics products, nutrition and alternative solutions.

You need a high skilled veterinary expert that can easily:

- give you a different and independent light on your production system or livestock,*
- resolve specific sanitary cases (diseases, mortality...) ,*
- support you in the setting up a new production system (new buildings, new configuration...),*
- help you through your distributors abroad,*
- train your staff in France and abroad,*
- brings you a global solution for a better performance of your businesses.*

Do not hesitate to contact RC Services and we will find the best veterinary expert for answering to your questions.

Sophie TESTAUD DE MARCHAIN
Managing Director

POULTRY

Dominique BALLOY

Expertises : See grid p.5

Specialities : Layers
Hatchery / hatch debris analysis

Language : Fluent English

Field of expertise : Farm audit, technical support, production audit, conferences

Some countries : Europe, Africa, Asia, Chile, Iran, Russia, Tunisia, Algeria, Morocco, Palestina...

Claudio CHIMIENTI

Expertises : See grid p.5

Specialities : Slaughterhouse
Sanitary audit/management

Language : Technical English / German ;
Fluent Italian ; Fluent Spanish

Field of expertise : Farm audit, technical support, conferences, training for official veterinarian in slaughterhouses

Some countries : Asia, the Middle East, Europe, East Europe, Africa, South America

Jérôme DURAND

Expertises : See grid p.5

Specialities : Biosecurity

Language : Technical English

Field of expertise : Farm audit, technical support, conferences

Some countries : Maghreb, Russia, Ukraine

Charles FACON

Expertises : See grid p.5

Specialities : Slaughterhouse

Language : Fluent English

Field of expertise : Farm audit, technical support, conferences, official veterinarian in slaughterhouses, Global Poultry Forum (2018)

Some countries : Poland, Tunisia, Czech Republic, the Middle East

POULTRY

Jean-Yves FERRE

Expertises : See grid p.5

Specialities : Brooding period
Biosecurity

Language : Fluent English

Field of expertise : Farm audit,
technical support,
conferences

Some countries : Europe, Maghreb, Asia, China, Hungary,
Slovenia

Jocelyn MARGUERIE

Expertises : See grid p.5

Specialities : Hatchery/hatch debris
analysis
Animal welfare

Language : Fluent English

Field of expertise : Farm audit,
technical support,
conferences

Some countries : Russia, Ukraine, North Africa,
Hungary

Thierry MAUVISSEAU

Expertises : See grid p.5

Specialities : Phytotherapy and aromatherapy
Alternatives to antibiotics

Language : Fluent English

Field of expertise : Farm audit, technical support, conferences

Some countries : Europe

Mokrane MELLAL

Expertises : See grid p.5

Specialities : Slaughterhouse
Sanitary audit/management

Language : Fluent Arabic ; fluent Berber ; basic English

Field of expertise : Farm audit, technical support, training, conferences

Some countries : North Africa (Saharan West and South)

Antoine MERCIER

Expertises : See grid p.5

Specialities : Layers
Alternatives to antibiotics

Language : Technical English

Field of expertise : Farm audit,
technical support,
conferences

Some countries : North Africa, East Europe (as far as
Russia), Saudi Arabia

CREATION OF A LABORATORY

SETTING UP A LABORATORY

From conception to choice of equipment

- ➔ Financial plan
- ➔ List of equipment
- ➔ Work ergonomics
- ➔ Respect of regulation
- ➔ Risk control

ANALYTICAL PROCEDURES

From identification to choice of materials

- ➔ Identify the best processes
- ➔ Check standards and regulations
- ➔ Advise on reagents and consumables
- ➔ Validate analytical protocols

HUMAN RESSOURCES

From selection to training

- ➔ Selection of laboratory skills
- ➔ Training of management and technical team

TECHNICAL SUPPORT

Technical support from start to finish

- ➔ Technical survey
- ➔ Post-deployment support
- ➔ Additional analysis

Analysis experts provide simple and effective solutions based on 20 years of experience in Animal Health and agrifood diagnostic services.

Dominique BALLOY

Veterinarian _ CEO of RESALAB

Tel : +33 (0)6 07 80 58 04

Fabrizio TATONE

Veterinarian _ Technical and scientific director of RESALAB

Sabrina MERCY

Agronomist _ laboratory manager of LBAA

For more information on the range of analysis and different laboratories, see our website : www.resalab.fr

OUR ALTERBIOTIC APPROACH

The **Alterbiotic** solution supports farmer in its **progress plan** in order to meet **societal expectations** and **economic performance**.

It enables a **high quality production, sustainable** and respectful to **animal welfare**.

The strategy is based on **4 pillars** :

PREVENTION

Step up prevention on farms

- Biosafety : cleaning, disinfection of buildings, water testing and treatment
- Vaccination: Injexpert® vaccine management plan

BEST PRACTICES

Improve the oversight of antibiotic use

- Bacteriological testing and antibiograms
- Storage and administration of antibiotics
- Good practice data sheets

SUBSTITUTION

Develop alternative methods and product ranges

- Formulation - Validation (Phytogramme®)
- Referencing - Control

TRAINING

Train Animal Health players in alternative techniques

- Alterbiotic conferences
- Aromatherapy and phytotherapy training
- Antibioresistance

Alterbiotic, it is also a pool of veterinary consultants specialised in alternative solutions and animal welfare.

For more information : www.alterbiotique.fr

CONFERENCES

Réseau Cristal Services can propose conferences in English and in French. Do not hesitate to contact us.

SWINE

Dr Dominique MARCHAND

- Internal and external biosecurity in swine farming : major concerns
- From antibiotherapy control to zero antibiotics: a success story in swinefarming
- Group management in swine farms: some sanitary and technical key issues

POULTRY

Dr Jocelyn MARGUERIE / Claudio CHIMIENTI

- Animal Welfare strategy in poultry production; EU regulation, international specification, monitoring and improvement
- Brooding period management in poultry production; the cash method. Comfort, Accessibility, Stimulation, Hygiene.
- Practical approach of respiratory pathogen management in poultry production; focus on Infectious Bronchitis Viruses and E.coli
- Egg market segmentation and evolutions

BOVINE

Dr Philippe VERDOOLAEGE

- Alimentary efficiency in dairy production : means of optimization
- Inflammatory and oxydative stress management during transition period
- Monitored dairy farming : success keys

SLAUGHTERHOUSES

Dr Charles FACON / Claudio CHIMIENTI

- Link between farm pathology and carcass lesions / meat quality
- Main causes of discards in the poultry slaughterhouse : an overview focuses on meat savings
- European regulation about animal welfare in poultry slaughterhouse
